

Play more. Talk more. No special toys needed.

A cup, a box, a sock, or nothing at all. **100 Screen-Free Plays** gives you a quick play for every age and every moment of an ordinary day, from the first smiles to "and then what happened?"

- **Sorted by age:** 0–1, 1–2, 2–3 and 3–5, each with a one-page "at a glance" guide
- **Every play:** a starting age, what you need, prep, mess and play-time icons, a make-it-easier and a make-it-harder idea, and a safety note
- **A talk line on every page**, using six easy, everyday talk moves
- **Real-life help:** a pantry list (89 plays need nothing to buy), tired-grown-up plays, a sample screen-free day, a quick finder and friendly ideas for when screens are on anyway
