Print it right

- ✓ **Print at “Actual size” (100%).** Cards come out at poker size, 2.5 × 3.5 in (63.5 × 88.9 mm). If the edges get cut off, choose “Fit”; the cards print a little smaller.
- ✓ **Short on time?** Print pages 4–5 only and ask a question tonight. Cut the cards later.
- ✓ **Which pages to print?** Pages 6–11 are the 54 cards. Page 12 (backs) and page 13 (blank cards) are optional.
- ✓ **Paper** Cardstock (65–110 lb / 176–300 gsm) feels like a real deck. Plain paper works too.
- ✓ **Type-in cards** Open the file in free Adobe Acrobat Reader to type on the blank cards (title, needs, play and talk tip). Everything else is print-only.
- ✓ **Downloading on a phone?** Open the download link from your order email in a web browser, save each PDF to Files, then open it in Adobe Acrobat Reader.
