✓ Opening a ZIP

Open the download link in a web browser. On a computer, double-click the ZIP to open its folder. On a phone, tap it in your files app to unzip.

🖨️ Printing

Each set comes in color and low-ink, Letter and A4: pick one of each. Print at **Actual size** or **100%**. Each set's START HERE says which pages to print first.

🎁 Giving it as a gift?

Print the fold card or a reveal card from the gift pages, or forward the download. The license passes to the family who receives it.

✓ Safety first

Every set has its own safety page, and every play has its own safety line. Every play works from a chair, a bed or a wheelchair. A grown-up is always there.
