

Welcome! Here's how to begin.

24 winter plays for ages 2–5, one a day. About 15 minutes to print and cut, once. Most days take 0–5 minutes to set up.

Your files: pick one to print

START-HERE.pdf	This page.
winter-countdown.pdf	Color, US Letter (8.5 × 11 in).
winter-countdown-A4.pdf	Color, A4.
winter-countdown-low-ink.pdf	Low-ink, US Letter: white pages, line art to color.
winter-countdown-low-ink-A4.pdf	Low-ink, A4.

Every file has the same 25 pages. Letter is the usual size in the US and Canada; A4 almost everywhere else.

Print settings

Print at **Actual size** or **100%**. Plain paper works; card stock lasts longer. Print pages 6–23; read the guide on screen.

Then

Cut the card pages in half on the dashed line. Cut out the number tags. Hang the board. That's it.
