### Your 2-minute setup

- Open the workbook that matches your paper (US Letter or A4). Print pages 6–10: the planning pages and the tracker.
- Fill a play basket with 5–8 things you already have (workbook page 8).
- Choose a phone parking spot for your own phone.

### Printing

- Print at “Actual size” or 100%. Ordinary printer paper is fine; card stock is nice for the tracker and certificate.
- To save ink, print the Low-ink edition. Your child can color the line drawings.
- Any copy shop may print it for your household. Laminate the tracker and use a dry-erase marker to reuse it.
- On a phone or tablet, open the PDF in the free Adobe Acrobat Reader app to type into it.

### What you can type into

In free Acrobat Reader: the planning pages, the blank tracker, the daily notes, the check-ins, your family plan, the certificate and the blank play pages. Lessons, plays and the pre-filled tracker are fixed text. Save a copy to keep your notes.
