

Make your own cards

This file has fill-in boxes. Open it in free Adobe Acrobat Reader (or another PDF app that supports forms), click a box and type. Save, then print at 100% on cardstock.

What you can edit

Blank cards in all six colors (title, what you need, try it, talk, energy), the Play Menu, and both weekly planners (Monday and Sunday start).

Handwriting works too

Every blank also prints as a lined card, so you can write ideas with your child instead of typing them.

Prefer Canva?

Use the Canva PNG set in your download: upload a blank card, jar label or divider as a background image, then add your own text boxes. Keep the text inside the white panel.

Keep it safe

Cards you write follow the same safety rules: see the safety page in the main file.
