Print it right

- ✔ **Print at “Actual size” (100%).** Cards come out at poker size, 2.5 × 3.5 in (63.5 × 88.9 mm). If the edges get cut off, choose “Fit”; the cards print a little smaller.
- ✔ **Short on time?** Print pages 4–5 only and ask a question tonight. Cut the cards later.
- ✔ **Which pages to print?** Pages 6–11 are the 54 cards. Page 12 (backs) and page 13 (blank cards) are optional.
- ✔ **Paper** Cardstock (65–110 lb / 176–300 gsm) feels like a real deck. Plain paper works too.
- ✔ **Type-in cards** Open the file in free Adobe Acrobat Reader to type on the blank cards (title, needs, play and talk tip). Everything else is print-only.
- ✔ **Downloading on a phone?** Open your Etsy Purchases page in a web browser (not the app), save each PDF to Files, then open it in Adobe Acrobat Reader. Your files stay on your Purchases page to download again any time.
