5	Add-One-Chain-Classroom-Game-Kit-A4-Ink-Saver.pdf	The ink-saver kit on A4 paper.
6	Add-One-Chain-Slides-16x9.pdf	20 slides to project at circle time. No cutting needed.
7	Add-One-Chain-Story-Read-Aloud.pdf	Bonus: More Talk, Less Tap, a 32-page read-aloud story.

Play today in three steps

1. Open the US Letter or A4 kit. Read **Quick start** (page 2) and the **teacher script** (page 4).
2. Print the chain-link strips (pages 6–9) at 100% (twice for more than 16 children), or project the slides if there is no time to cut.
3. Play one round at circle time and count the chain together.

Printing tips

- Print at **100% / actual size**, single-sided. White cardstock lasts longest.
- On a phone or tablet? Save the files first, then print from a computer or a print shop.
- Short on color ink? Use the ink-saver files.

Your license

Your **single-classroom license** covers one teacher (or one homeschooling family) and their class. Full terms are on kit page 24 and at playbeforepixels.com/license.

Good to know

- Every play follows our published safety rules: an adult leads every round and does the taping, and with under-3s nearby, nothing small enough to fit through a toilet-paper tube.
- Need your files again? Use the download link in your order email.

Free bonus for your class

Extra topic cards and 5-minute family talk games. We only ask for an email address: no child names, ever.
