YEAR

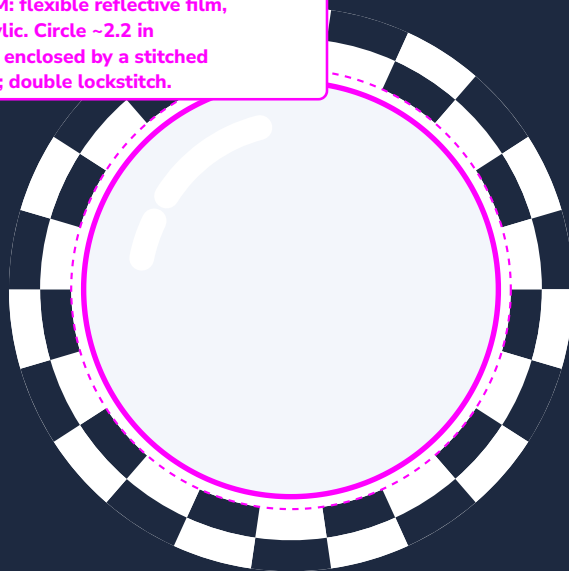

HIGH CONTRAST: ink #1D2940 and white only

Say it close up, then wait. A look, a wiggle or a coo is baby's turn. Say "hi!" back.

look!

SAFETY MIRROR FILM: flexible reflective film, no glass, no rigid acrylic. Circle ~2.2 in (UNVERIFIED). Edges enclosed by a stitched fabric frame (dashed); double lockstitch.

GROWN-UP TIP

Look together. “Who’s that? That’s you!” Pause, then copy any sound baby makes.

crinkle

CRINKLE LAYER: crinkle film fills leaf 2
(behind the mirror) between the fabric
layers; fully enclosed, stitched all round.

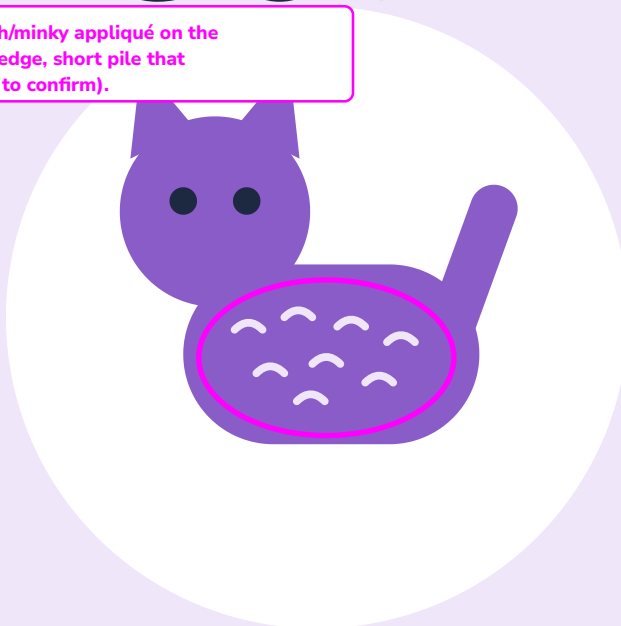

GROWN-UP TIP

Crinkle, then pause. Scrunch the page, say “crinkle!”, then stop.
Wait for a reach for more.

soft

SOFT PATCH: plush/minky appliqué on the cat, satin-stitched edge, short pile that does not shed (lab to confirm).

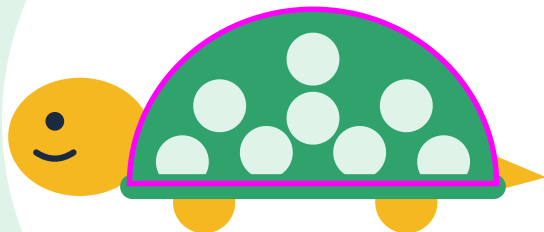

GROWN-UP TIP

Say what you feel. Stroke the patch: “soft, soft.” Then bring baby’s hand to touch it too.

bumpy

BUMPY PATCH: quilted or ribbed (corduroy)
appliqué on the shell, stitched through;
no beads, buttons or loose fill.

GROWN-UP TIP

Name it as you touch. “Bump, bump, bumpy!” Tap the bumps with baby’s fingers or toes.

bye-bye

SPINE: all leaves joined by a double lockstitch spine seam; no rings, no ties.

GROWN-UP TIP

Wave and wait. “Bye-bye, book!” Wave slowly. A look or a kick is a wave back.

Touch, look and talk

Six soft pages to crinkle, stroke, tap and look into, each with one word and a short grown-up tip. Say it, pause, and wait. A look, a coo or a kick is a turn.

Talk, sign, sing and read in the language you know best.

Before each play: check the seams, ribbon tabs and mirror. Stop using the book if anything is loose, torn or worn. Play together with a grown-up close by.

Care: surface wash with a damp cloth, or hand wash cold and air dry flat (confirm with factory's fabric test). Do not tumble dry or iron the mirror.

PERMANENT TRACKING + CARE LABEL: sewn into the spine seam (right). Printed: maker, place and date of manufacture, batch, age grade, fibre content, care. Wording from the lab.
